

# Querétaro 4 Christ

*Engaging People. Embracing Christ.*

## EVERY CORNER. EVERY CAMPUS.

All Mexican universities prohibit to have any religious clubs. It is too difficult for Compa staffs enter to universities and to open a Bible study with students. Only Christian university students could open the Bible study on their campuses secretly. God has shown a vision to both InterVarsity and Compa in 2016 how to enter the universities in Mexico. It was born a project called **"Student Connection"**—offering universities credited four weeks English conversation class during a summer break. This year was a third year where fourteen InterVarsity USA students and staffs and four Compa Mexico staffs organized together English conversation class at UAQ university from June 17<sup>th</sup> thru July 11<sup>th</sup>. UAQ university provided four classrooms from 10am to 3pm and Monday through Friday. Forty-seven students registered for the class. There are three levels of English conversation classes: two basic class, two intermedium class, and two advance class. The goal is that English conversation class creates a great opportunity to show God's love and tell God's redemptive story to students. Students have many questions to InterVarsity students, such as *why they sacrifice their vacations to come down to Queretaro, Mexico and teach English conversation. InterVarsity students do not get paid to do English conversation class so why they are doing it.* Questions open a door to share InterVarsity students' faith journey with Jesus Christ to students. In Queretaro, there are at least **fifty-five** public and private universities altogether. Currently, InterVarsity and Compa are reaching out one UAQ university. Thus, English conversation project is a key to enter every corner and every campus in Queretaro. Please, join with us to pray for **"Student Connection"** project by InterVarsity USA and Compa that God will use them to reach out every corner and every campus in Queretaro in near future. To God be the glory!
